Four Seconds to Safety - Donley's Four Seconds to Safety Perhaps the best tool to come along in industrial construction (at least as far as safety is concerned) is the Field Level Risk Assessment or Job Hazard Analysis. Whatever you call it, this is a tool that makes everyone stop and think about the different risks associated with the task.

4 Seconds: All The Time You Need to Stop Counter ... Four Seconds is filled with short, blog-entry-sized chapters, each one focusing on a specific bullet point of behavioral change. Some of these are not a big surprise -- the title refers to taking a four-second break (just long enough to take a deep breath) before making a course correction from a poor decision to a better one, an idea with which anyone who has heard the expression "take a deep breath and count to ten" is already familiar. Four Seconds To Safety | Safety Toolbox Talks Meeting Topics Simply take a four-second â€œresetâ€•. Take four seconds before starting some new familiar task. This act of refocusing has been shown to reduce the probability of an injury incident by more than 90% versus not taking the four seconds.
